Implementing Gender Equity & Inclusion

In today's professional landscape, fostering gender equity and inclusion is not only a matter of fairness, but also a driver of organisational performance, resilience, and project success. For public sector executives and development project managers, these criteria are increasingly valued by funding agencies and donors, making them essential for securing support and achieving sustainable outcomes. This training addresses the challenges and opportunities in creating workplaces and programmes that embrace diversity and empower genders to thrive. Participants will explore best practices, international frameworks, and practical tools for embedding equity and inclusion into organisational strategies, policies, and everyday operations.

The general objective of this course is to equip participants with the knowledge, skills, and tools needed to design, implement, and sustain effective gender equity and inclusion initiatives, ensuring meaningful and lasting impact within their spheres of influence.
