WORD FROM CHIEF EXECUTIVE OFFICER

Larbi Bennouna
M. Sc., MBA, PMP

Dear Members of the SETYM Family,

It is with great pleasure that we present to you SETYM International's 2025 training programme. This edition reflects our team's unwavering commitment to innovation and excellence.

Since 1988, we have been proud to individually support over 35,500 professionals through training courses designed to enhance their skills. We have also provided tailored technical assistance to more than 2,000 institutions, addressing the specific needs and unique challenges of their teams. We thank you for your trust, which is our source of motivation.

Our international training seminars are designed to help you tackle your management challenges through innovative approaches. These events also provide you with the opportunity to network with other professionals in a welcoming environment. Our experts combine theory, practice, and experience-sharing to ensure optimal learning effectiveness. Our international network of training centres offers you unique learning experiences in Montreal (Canada), Kuala Lumpur (Malaysia), and Dubai (United Arab Emirates).

We have also enhanced our group training programme for organisations by incorporating specific themes to address the challenges of your teams and activity sectors. Please feel free to share your needs with our team to receive a tailored quote.

Our commitment to excellent customer service remains at the core of our priorities. This year, we have expanded our team to meet the growing demand and to support you throughout your professional development journey. Your satisfaction and success are our primary mission.

We continue to focus on sustainability and social responsibility in our activities. Inspired by the United Nations' Sustainable Development Goals (SDGs), we have, for the past four years, adopted a fully digital training programme, and reduced our carbon footprint by eliminating paper use and international travel. Our seminars, such as environmental and social project management, guide our participants towards achieving specific SDGs, contributing to a more sustainable future.

We invite you to explore this new training programme and discover how SETYM International can help you achieve your development and growth objectives.

On behalf of our entire team, I wish you a most enriching experience as you participate in one of our international training seminars. Rest assured that we will be by your side at every step of your journey.

Together, let us build a promising and sustainable future.

With my best regards,

MISSION

To contribute to performance improvement in development projects and public institutions through better management of resources and capacity building.
To be part of our participants' professional success by sharing our knowledge and expertise.

VALUES

- Unanimously recognized excellence and professionalism.
- Human relationships and a tradition of hospitality.
- Openness to the world and respect for cultures.
- Promotion of shared experiences and a spirit of collaboration.
- Commitment to the satisfaction of our customers with respect for professional ethics and transparency.

VISION

To remain the recognized leader in capacity building by offering practical and innovative training programmes.

To be a skilled partner in change management and to be of assistance in the implementation of development projects.

THE SETYM EXPERIENCE: A LEVER FOR PROFESSIONAL TRANSFORMATION

OVER THE YEARS, WE HAVE ESTABLISHED OURSELVES AS A WORLD-RENOWNED CONSULTANCY COMPANY AND HAVE BUILT OUR REPUTATION ON CONSTANTLY UPDATED CURRICULA, A FOCUS ON PRACTICAL ENGAGEMENT AND INTERACTION WITH PARTICIPANTS, AS WELL AS ON OUR EXCEPTIONAL CUSTOMER SERVICE AND HOSPITALITY.

At SETYM, we understand that professional development is not just about acquiring new skills. It's a process of continuous evolution that impacts both your personal and professional growth. We believe strongly that inspiring human interactions are at the heart of this type of growth.

RECOGNISED TRAINING PROGRAMMES

SETYM International is a Canadian professional management training institute. Since 1988, we have been leaders in capacity-building within the field of international development. Our specialised training programmes are accredited by the Government of Quebec (Canada) and by SOFEDUC.

"Training is the essence of all success." SETYM International provides public sector officials with the key to their professional success by organising high-quality training sessions, carefully tailored to their specific needs. My experience with SETYM International [...] demonstrated exemplary attention to my registration and supported me throughout the entire process until my arrival in Montreal. Once there, I was welcomed warmly and with exemplary hospitality. The two weeks of training took place in an atmosphere of friendliness and calm. Our trainer had a strong command of the subject matter and used the appropriate teaching methods to educate us. Not to mention the excellent quality of the training materials. Therefore, I highly recommend SETYM International to the officials of my country and other developing countries to meet their training and professional development needs."

Mr. Josue AUGUSMA

Coordinator, Procurement Unit, Haiti

Participant in a training seminar on Procurement of Consulting Services

A PRACTICE-ORIENTED AND ENGAGING ANDRAGOGY

For over 35 years, our commitment to excellence and our practice-oriented andragogical approach have set us apart, turning each training session into a welcoming learning experience that fosters skill acquisition and the exchange of experiences among participants.

A CONCRETE IMPACT

Our goal: to help emerging and developing countries establish better governance for the benefit of their citizens. We measure our success by the impact of our training courses on participants' careers and the concrete improvements to institutional performance. Numerous testimonials highlight how each person's experience with SETYM has acted as a catalyst for developing advanced skills, accomplishing ambitious projects, and achieving professional growth. Our alumni are proof that investing in SETYM training results in significant and measurable progress.

TRAINING CERTIFICATE

At the end of the seminar, SETYM hands out a Training Certificate to each participant. To receive the Certificate, the participants must attend all the modules of the course they registered to and comply with all academic requirements.

If an event beyond the participant's control results in a justified delay in starting the course or incomplete attendance in the seminar, without impact on skills acquisition, the reduced attendance period will be reflected in the certificate; however, full payment is still required.

THE SETYM FAMILY

As soon as you register, our training programme advisors will be there to help. They'll support you every step of the way, right up to and including your arrival. Every year, over 1,000 professionals place their trust in our team.

The SETYM experience also includes a tradition of hospitality. We have special teams at our training centers who organise coffee breaks, meals on training days and tourist outings. They can also help you with any formalities related to your experience on site. Their mission: to give you the best possible experience at SETYM.

Living the SETYM experience is more than just attending a training course; it's a transformational journey that equips our participants to excel in an ever-changing professional environment. We invite you to join our global community and discover how SETYM International training can become a pivotal moment in your career.

SETYM BENEFITS

"It is a pleasure and an honour for me to participate in the training [...] organised by SETYM International with a dynamic and dedicated team, combined with a warm and friendly welcome. This sixth experience with SETYM International here in Montreal, Canada, [...] has allowed me to learn even more about the management of international projects and programmes with competent and dedicated trainers. The courses are very well-structured, and the instructors are highly skilled. Thank you to the entire team, and see you soon!"

Mr. Gaspy Gédéon MUANDA BUASA
Internal Auditor, DRC

TECHNICAL ASSISTANCE SERVICES

Building on our experience on the ground, our in-depth knowledge of local realities and our expertise in project management, public procurement, management and human resources, public governance and sustainable development, we carry out more and more technical support missions every year.

By invitation or tender, public institutions, governments and donors give us short or longterm mandates to intervene as experts. Our pragmatic and results oriented approach has enabled us to succeed in our technical assistance missions to the satisfaction of our clients, donors and beneficiaries.

Our interventions are varied and can take many forms:

- Tailor-made and adapted training programmes
- Online trainings
- Advice and coaching
- Project management
- Technical assistance
- Implementation of an Integrated Environmental and Social Governance System

ISLAMIC DEVELOPMENT BANK (ISDB)
COUNTRY: **ARABIE SAOUDITE**
YEARS: **2023-2024**

Description of the Mandate: This mandate centred on two principal deliverables:

- The production of a “Financial Management Manual for Projects” directed at implementing agencies and project management units tasked with the execution of projects financed by the ISDB.
- The development of comprehensive training materials and the facilitation of eight remote sessions focused on financial management.

The design and delivery of four (4) synchronous online seminars, meticulously tailored to address the specific learning needs of the ISDB in public finance and project management. These seminars were crafted to be highly interactive. Furthermore, this mandate culminated in the creation of an extensive 65-page document providing detailed guidance to PMUs on all facets of project financial management.

CENTER FOR INTERNATIONAL FORESTRY RESEARCH (CIFOR)
COUNTRY: **CAMEROUN**
YEARS: **2023-2024**

Description of the Mandate: Technical assistance in the design of bankable projects for the regional offices of this global organisation dedicated to nature conservation in Central Africa. This support involved the development of projects that could potentially be financed by international donors. Additionally, this mandate resulted in the creation of an extensive 65-page document providing comprehensive guidance to PMUs on all aspects of project financial management.

“This is my second time in the same place, ten years later, where I once again happily and honourably meet the kind, courteous, and available staff. I left in 2013 with joyful memories of the warm welcome and great atmosphere, and here I am reliving the same delights, leaving with equally wonderful memories as in 2013, and with the great hope of returning as soon as possible to this cradle of knowledge and professional development. I would like to express my sincere gratitude to SETYM International, to its senior management, to the support staff, especially Ingrid for her availability and strong sense of service, to dear Soraya for her constant presence and cheerful demeanour, which has clearly been passed on to the admirable young Ali and Youssef. Finally, I would like to express my admiration for the trainers and my warm regards to all the civil servants from other African countries I met at SETYM International.”

INTEGRATED ENVIRONMENTAL AND SOCIAL GOVERNANCE SYSTEM

THE 21ST CENTURY'S WAY OF MANAGING ENVIRONMENTAL AND SOCIAL ASPECTS OF PROJECTS

SETYM International and its partners have developed an integrated web application that meets management, documentation, communication and transparency standards related to the environmental and social requirements of technical and financial partners (TFP).

The system is based on project management processes and geographic areas. This approach makes it possible to define geographic units in which physical work is to be carried out and to involve stakeholders. These can interact through interactive and dynamic mapping.
