M. Sc., MBA, PMP

MISSION

To contribute to performance improvement in development projects and public institutions through better management of resources and capacity building.

To be part of our participants' professional success by sharing our knowledge and expertise.

VALUES

- Unanimously recognized excellence and professionalism.
- Human relationships and a tradition of hospitality.
- Openness to the world and respect for cultures.
- Promotion of shared experiences and a spirit of collaboration.
- Commitment to the satisfaction of our customers with respect for professional ethics and transparency.

VISION

To remain the recognized leader in capacity building by offering practical and innovative training programmes.

To be a skilled partner in change management and to be of assistance in the implementation of development projects.

> Word from the Chief Executive Officer

The pandemic we are going through has created an unprecedented health crisis. It brought our activities to a halt because of health constraints and measures imposed by public health all over the world. Our team has remained strong and resilient and we are optimistic for a recovery in the coming months. The signs seem encouraging with the progression of vaccination: reopening of borders, resumption of international flights, relaxation of health measures, economic recovery, etc.

Our 2022 program presents our seminars as you have come to know them, back in our training centers and always with the same level of quality, hospitality and safety. You will find seminars that meet your capacity building needs with the same objective: to contribute to the success of your projects and the development of your skills.

Over the past few months, SETYM has perfected its know-how in distance education and the organization of virtual events. Our team can take care of organizing your virtual event (general assembly, webinars, forum, etc.). All information is available on our website www.setym.com.

Distance training remains available on demand and we fully understand that virtual methods can have an appeal in reducing costs and avoiding travel. However, nothing can replace human contact and face to face encounters. We certainly favor in-person learning for all the advantages it offers: exchange with peers, enriched training experience, networking, availability of the trainer, the discovery of new places and new cultures and more.

We took advantage of the period when international activities were reduced to offer our professional services and expertise to Canada. Our international reputation has been an asset in establishing itself in the national market and obtaining its recognition. We are a member and partner of the Chamber of Commerce of Metropolitan Montreal (CCMM). SETYM has also been accredited by SOFEDUC as a training center that can offer continuing education units (CEU).

We look forward to seeing you again and welcoming you to our training centers. Rest assured that all sanitary measures will be respected so that your stay takes place in the best conditions and that your SETYM experience is memorable.

On behalf of our entire team, I wish you good health and safety. We will be happy to see you again soon,

Professional Training Seminars

World Network of Training Centers

SETYM, whose trainings are accredited by the **Government of Quebec (Canada)** and by **SOFEDUC**, has developed a coherent set of training seminars aimed at project development managers (coordinators), their administrative teams and civil servants in emerging and developing countries. These training programmes are linked so as to meet the management needs of governments, major donors and development aid agencies.

World Network of Training Centers

SETYM International has three training centers:

- Headquarters in Montreal (Canada)
- Kuala Lumpur (Malaysia)
- Istanbul (Turkey)

**Every year, we welcome hundreds of participants
from more than 115 countries.**

Online Trainings

Flexible and well-paced, the training sessions are carried out in the most interactive way possible through a combination of approaches and tools: virtual sessions, e-learning, coaching and collaboration.

Our Skills at Service for International Development

Our pragmatic and results-oriented approach has enabled us to succeed in our technical assistance missions to the satisfaction of our clients, donors and beneficiaries.

On-Site Trainings

SETYM also offers training seminars on request, in the various countries of our clients. These on-site training programmes are adapted to the specific needs and context of the project or institution.

Virtual Events Management

Tailor-made support service in the organization of your online events (webinar, training, conference, colloquium, general assembly): from technical support to turnkey solutions.

Environmental and Social Management System

SETYM International and its partners have developed an integrated web application that meets management, documentation, communication and transparency standards related to the environmental and social requirements of technical and financial partners (TFP).

SETYM Benefits

Over the years, we have established our status as a world renowned consultancy company and we have built our reputation on constantly updated curricula, a focus on practice and interaction with the participants, as well as on our special customer service support and hospitality.

Recognized Training

The excellence of our training is recognized by the Government of Quebec (Canada) and by SOFEDUC.

Loyalty Programme

PARTICIPANTS

Our Alumni will receive a loyalty bonus certificate, the amount depending on the number of the previous participations in our regular seminars.

INSTITUTIONS

Organizations and projects that enroll a large number of staff in our seminars can benefit from our special group discount structure. We are pleased to give you more details upon request.

Gift Certificate

Participants who attend our regular calendar seminars will receive a gift certificate to support their work related Information and Communications Technology needs.

Training Follow-Up NEW

If requested, 3 months after your training, a consultant will contact you for coaching on the issues you will have encountered regarding the application of the newly acquired knowledge in your practice.

Unrivalled Customer Service

Our dedicated team will assist you throughout the registration and preparation process.

Personalized Customer Experience

SETYM's dedicated team picks you up from the airport, brings you to your hotel and assists you during your entire stay. They also accompany you on weekend trips and respond quickly and professionally to your every day needs.

State of the Art Training Centers Located Downtown

SETYM has located its training centers downtown to ensure participants can take advantage of everything big cities have to offer. Easy access to shopping, restaurants, cultural sights and entertainment.

Sightseeing Tours

In order to make the training experience even more enjoyable and foster ties among participants, SETYM organizes weekend tours to various locations of interest near the training centers.

Coffee Breaks and Lunches

At the training centers, snacks, refreshments and lunches are served during class days, free of charge.

CUSTOMER EXPERIENCE REPRESENTATIVES

Technical Assistance

Building on our experience on the ground, our in-depth knowledge of local realities and our expertise in project management, public procurement, management and organisation, public governance and sustainable development, we carry out more and more technical support missions every year.

By invitation or tender, public institutions, governments and donors give us short or long-term mandates to intervene as experts. Our pragmatic and results-oriented approach has enabled us to succeed in our technical assistance missions to the satisfaction of our clients, donors and beneficiaries.

Our interventions are varied and can take many forms:

- **Tailor-made and adapted training programmes**
- **Online trainings**
- **Advice and coaching**
- **Project management**
- **Technical assistance**
- **Environmental and social management system implementation**

Tailor-Made and On-Site Training

SETYM International has a long track record in organizing tailor-made seminars. At the request of institutions, development projects, governments or donors, all the training programmes offered in this brochure can be delivered in your country or agreed upon venues of your choice, at any time and adapted to your specific needs. This solution allows you to train the maximum allowed number of people in a most cost-effective way.

Environmental and Social Management System

The modern solution for the environmental and social management of projects

SGES

SETYM International and its partners have developed an integrated web application that meets management, documentation, communication and transparency standards related to the environmental and social requirements of technical and financial partners (TFP).

The system is based on project management processes and geographic areas. This approach makes it possible to define geographic units in which physical work is to be carried out and to involve stakeholders. These can interact through interactive and dynamic mapping.

--------------	---------	-------	----------------------	-----------

"The training helped me turning the ideas that I already have into innovations. We use to outsource tools as MS Project, and I can now interpret and use it. I am very sure that I am going to be a better project manager when I go back to Kenya. The facilitators are very passionate and they have what it takes to train. I am going to come again next year for another training."

Emelda Odhiambo,
Project Manager, Kenya

Participant of a training seminar in Project Management, Monitoring and Control

What I like the most about SETYM is the fact that the trainings are well structured, adequate and respond to the needs of all programme managers (...) It is my second time here and I chose to come back because it is one of the best institution. I have lived it, I have learned and seen it for myself, and I am urging everyone to come to SETYM. Not only you are learning, but the staff also makes you feel very comfortable."

Balla Kaandeh,
Programme Manager, The Gambia

Participant of a training seminar in Project Management, Monitoring and Control

Public Procurement Training Seminars

--------------	---------	-------	----------------------	-----------

"This course is extremely useful and has a sweet mixture between theory and practice. You discover who you are as a leader, what you need to do, where you need to upgrade and accelerate. I have had other forms of training in other parts of the world but this has a dimension of practicality that makes you find out exactly who you are as a leader. I am empowered to deliver better resources to my people, be a good leader and bring my team to a better level of appreciation of their organization."

Francis Ploughman KOTOBIDJA,
Principal Auditor, Nigeria

Participant of a training seminar in Leadership: Managing Teams to Achieve Change

"Attending this course was very helpful for my work, since it requires making high level decisions. Building my capacity to be able to do that effectively and efficiently was not only useful for the organization but for me. It is always great to learn more about something you are passionate about."

Joyce Kathambi MUCHENA, Director, Kenya

Participant of a training seminar in Strategic Planning and Decision Making

"I can easily tell you that I have no regrets in any form. SETYM has set its standards: I have attended several courses from organizations in different parts of the world but SETYM is the number one. The most important part to me was the feedback. [...] The combination of our two facilitators gave us all information we needed to learn, and made the course to be worthwhile. Anyone wanting to be trained should consider SETYM."

Patrick Ayanbanji OJO,
Head Consumer Protection
and Advocacy, Nigeria
